REPORT NO.

Taking advantage of heavy snowfalls, the Soviets carried out roundups against partisans throughout almost the entire winter of 1951-1952 in Lithuania. Especially concerted roundups were carried out and there were many casualties in the Panemune (suburb of Kaunas, just east of the city), Sakiai (54-58N, 23-03E), and Prienai (54-34N, 23-55E) areas, where the partisans carried out a few operations in the fall of 1951.
